## The Single System

England Hockey Board's (EHB) Single System for the development of young hockey players in this country is now in its second year. This model has been five years in the planning, piloted in 2008/09, and initially implemented in 2009/10. It is based on scientific research, or the Long Term Athlete Development Programme, which adopts a preparation, competition and recovery cyclical model of performance.

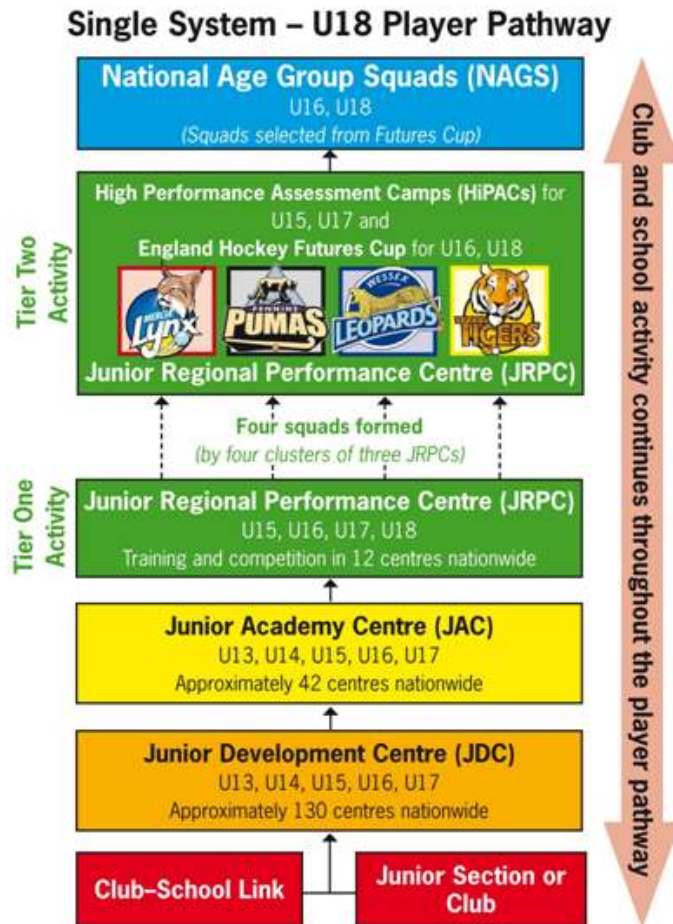

Figure 1: The EHB Single System

The Single System is a process of delivery with a structured pathway designed to enable, not just junior players, but coaches and officials, to fulfil their potential in an equitable, transparent and consistent manner across the country. It is designed to give equal opportunities and equity in coach delivery whether you live in Hertfordshire or any other part of the country. It is designed to ensure that suitable levels of coaching and competition are offered at appropriate stages of development to fulfil potential, be it as a club or International player, coach or official.

## JUNIOR DEVELOPMENT CENTRES (JDCs)

This is a new level of performance is designed to deliver the development of core skills above school and club at local training centres for boys and girls aged U13-U17 in any one calendar year. JDC's are open to players nominated by schools and clubs with either current or potential

## **HERTFORDSHIRE HOCKEY**

talent in hockey. Coaching will be delivered to an EHB syllabus by qualified coaches and in addition to training there will be festival competition between local county based JDC s. Following the JDC training and festival assessment, the best players will be nominated by coaches to attend Junior Academy Centre (JACs) further assessment in January.

Hertfordshire are seeking to coach up to thirty six boys and thirty girls in U13, U14 and combined U15/16 age groups in each of two centres spread across the county, on the dates given in Table 1. An additional single combined boys and girls U17 age group will be run as well as two Goalkeeping groups for U13/U14 age groups and the U15/16/17 age group.

Talented U12's will be accepted into the U13's. Additionally the County wishes to run a single U12 Development Group consisting of 30 boys and 30 girls.

### **JUNIOR ACADEMY CENTRES (JACs)**

This is the second step on the England Hockey Board's developmental ladder and formerly county hockey. Nominated players from the JDCs will receive further coaching in the core skills and match play from qualified coaches with competition between the JACs within regions. JACs will run from January to May in a given season.

Hertfordshire are seeking to coach approximately 30 boys and 30 girls in the U13 age group, and approximately 24 boys and 24 girls in the U14, U15, U16 and U17 age groups in training squads. Hertfordshire will operate a core squad policy of 8 players at U14, 15, 16 and 17. Other members of the squad will rotate in the games to ensure that all members of the squad represent the county at least once. All squads will participate in the Eastern Counties Championships. For the U13s, the County is looking to operate 2 squads. In addition, the County will actively pursue the possibility of additional matches against Counties outside of the Eastern Counties Region.

Following the JAC programme, coaches will nominate players to attend assessments for the Junior Regional Performance Centres (JRPC's), a sub-regional level of development for potential full regional players. Selection into the full regional squads will lead to participation in the High Performance Camps (HiPACs) for U15 and U17 and the Futures Cup for the U16 and U18 age groups.

## **Understanding JACs in Hertfordshire**

### **JAC Venue Criteria**

- A minimum of one full sized floodlit water or sand dressed/based Astroturf pitch in a safe and secure environment.
- Priority for county association bookings on dates specified in accordance with England Hockey Board's Centralised Calendar.
- Changing, shower and toilet facilities for boys and girls separately.

### **Funding for JACs**

- Hertfordshire Hockey Association will fund the delivery of the JAC programmes in full through fees paid by selected players to cover pitch hire and coach appointments costs.
- Hertfordshire Hockey Association will offer reduced fees to players who are in financial difficulties. Applications must be made to the Single System Administrator in the first instances.

# HERTFORDSHIRE HOCKEY

## Management of the JAC Programmes

- Hertfordshire Hockey Association will manage the JAC programme in their entirety through the appointed Single System Administrator (Holloway Hockey). They will liaise with all JAC host centres and with all participating players and coaches directly.
- Hertfordshire Hockey Association will manage the provision of coaches and the programmes used through the appointed Director of Coaching, whose duty will be to co-ordinate the delivery of the agreed programmes with the JAC Leaders across the County.
- The Director of Coaching will be the point of contact for clubs and schools in the county concerning the JAC programmes.
- There is an appointed County Welfare Officer for all JAC players.
- The County will use TEAMER to inform players about events.

## Festival Hockey

Hertfordshire will continue to offer to its U16 and U17 JAC boys and girls the chance to take part in festival hockey. In the past the U16/17 boys and last year the girls have gone to the Weymouth Festival at Easter and for the last 2 years U16/17 Mixed team took part in the Berkhamsted & Hemel Hempstead Mixed Festival.

## JAC Numbers

The County has the following number of players in each age group at the time of writing:

## Clothing

The County makes use of a facility offered by the Hockey Centre that allows you to order kit on-line. For JAC players, you are allocated a County Shirt no. for life. The County recommend that the minimum kit to purchase is a county shirt and a pair of county socks. Boys can wear any dark navy shorts and girls can wear a dark navy skirt or skort (not shorts). For Goalkeepers there is a yellow smock. To order your kit please go to [www.hockeycentre.com](http://www.hockeycentre.com) and click on the bottom button (Club Orders), then on the next screen click on the England Hockey logo and then finally on the next page you will see the HHA logo to click on. You will be asked for your shirt number, which you will find both in Appendix A of this document and on the County web site on the squad pages.

## **HERTFORDSHIRE HOCKEY**

Players can wear any socks, shorts, skirt, skorts they like. We will use numbered bibs for every training session.

### **The County website**

The County have a website – [www.hertfordshirehockey.co.uk](http://www.hertfordshirehockey.co.uk). This site is maintained by the Single System Administrator. The site is used as a communication vehicle for hockey in the County. It has links to all the club sites in the County. Figure 2 shows the page navigation of the web site.

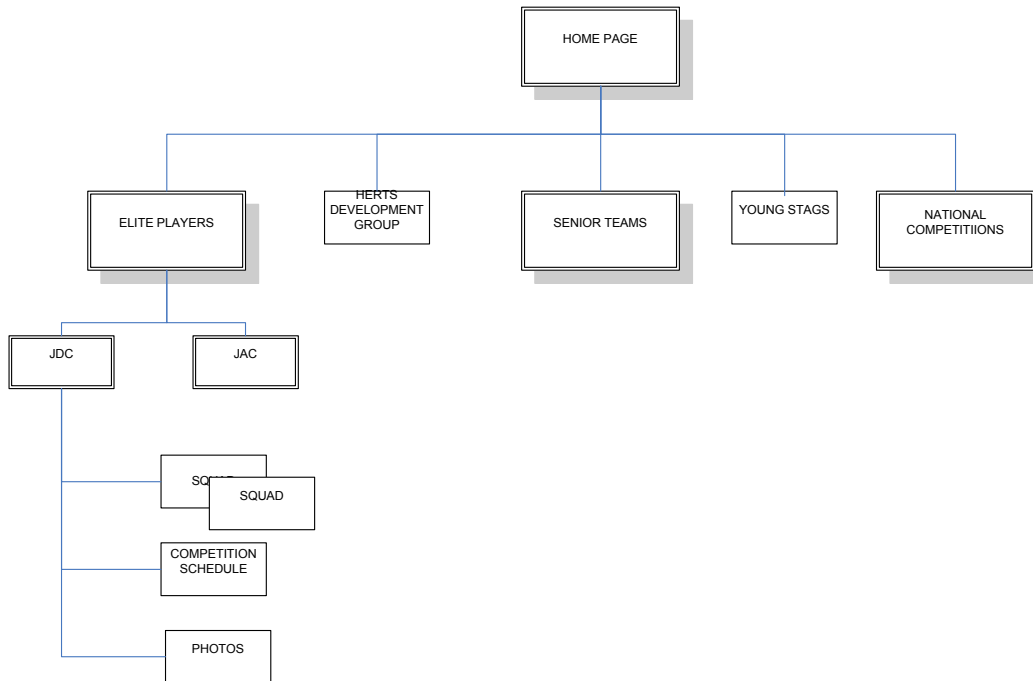

Figure 2: [www.hertfordshirehockey.co.uk](http://www.hertfordshirehockey.co.uk) navigation structure

The home page of the site has a “Stop Press” section which is used to carry any England or East region news that I have received. It also contains a “Fast Link” section which speed movement to pages you might want to access; this is an addition to a side bar.

At the top of the JAC home page there is a “Stop Press” section which contains the details of the next event.

### **Cancellation**

In case of bad weather, please refer to this website and/or email that Single System Administrator may send and/or please call your JAC Leader on their mobile number. Please bear in mind, pitch inspection on the day will only happen 30 minutes before a training session and if the JAC Leader is in transit (normally between 8am and 8.30 am) he/she will not answer his/her mobile until he/she reaches his/her destination. Please leave a message and the JAC Leader will get back to you in the case of bad weather.

### **JAC Competitions**

The County have been encouraged by the English Hockey Board to increase the numbers of players attending JAC. We have complied with this. However, the large numbers means it is more difficult for the JAC Leaders and me to manage it so that everyone gets a game.

## **HERTFORDSHIRE HOCKEY**

Therefore for certain JAC groups with 30 odd Outfield players, the JAC Leader will at the end of the first 4 training session split the squad in 2; and A side who will then represent the County in the JAC Competitions; and a B squad who will play a series of friendly matches against counties not taking part in the JAC competition or ones with a B squad.

For JAC groups with 24 or so Outfield players, the County has decided to adopt a similar structure to that operated by England at National level, The County has adopted a “Core 8<sup>1</sup>” policy for JAC teams. What this means is that the JAC coaching team will identify during the training sessions a core set of players who will be the spine of the team. This “Core 8” will be asked to play on all competition days. The remaining players in the JAC squad will be grouped into 8’s as well and each of these other 8’s will play with the core 8 on at least one competition day.

This is reflected in the JAC fee structure were the JAC fee covers the training days and then there is a match fee charged for each match day a player plays in.

### **Teamer**

Teamer is an online team management system created and designed to minimize the effort involved in organizing your team. Founded by a mix of internet professionals with extensive experience of team captaincy at both the competitive and social level, Teamer uses the web to significantly decrease the amount of time it takes to get a team on the field or to a training session.

With Teamer, the JDC /JAC Leader picks the players they want to notify, specify whether they should receive text and/or email notification and send the game notice. As replies are received, the teamPage updates with up to the minute response information letting you know where the squad stands for the upcoming game or training session.

All a player has to do is to let their team leader know their availability by simply replying ‘y’ (yes), or ‘n’ (no) to a text message on their mobile phone or go to [teamer.net](http://teamer.net) and mark their availability online. From the TeamPage, you can get all the information you need for upcoming team events and keep in touch with your teammates. Additionally use the County website.

Only people invited by the team leader can access the TeamPage.

When Teamer sends you an email and/or text please respond by following the link. If you have any problems please contact Teamer support as I don’t have the ability to update your records. It has become apparent that Teamer doesn’t necessarily print the month in the message so please check on the County Web site if you are unsure of the date.

If you get an error please contact [Teamer.net](http://teamer.net) support directly rather than the County’s single System Administrator as he has no control

### **Nomination to JRPC**

At the end of the JAC season comes the JAC Coaching teams for U14, U15, U16 and U17 will be completing a players JAC Assessment Report and looking at whether a player meets the requirements for nomination to JRPC. The Regional Performance Centre is the next step on the hockey elite ladder.

To be nominated for JRPC, the County JAC coaching team will be looking at players who have attained average JAC Assessment mark of between 3 (JAC Standard) and 4 (Above JAC

---

<sup>1</sup> This is based on the system that is adopted by England U16 and U18 teams

## **HERTFORDSHIRE HOCKEY**

Standard). Players with a JAC mark very close to 3 may also be considered for nomination but supporting comments will be required from the JAC Coaching team. This will be completed using the EHB Online Registration system by the JAC Lead Coach. Guidance on completing the form can be sort from the Director of Coaching. All Assessment Reports will then be reviewed by Director of Coaching before the results are released to JAC players to view, and also before they are sent to the East Performance Director. These nominations need to be sent by May 18th. The East JRPC Committee will assess nominations in line with coaches and invitations will be sent out to successful players by 30th May by eMail.

There are 2 locations in the East:

- Northwood - this is based at Old Merchant Taylors Ground.
- Bury - this is based at Culford School.
